

## Immersive Experiences in Kandolhu Maldives

PRESS RELEASE: APRIL 2023

Connecting with nature is the balm for weary minds. Distant from all distractions, Kandolhu is a remote hideaway in the North Ari Atoll, enveloped in tranquility and untouched beauty. Whether it's admiring the outdoors or chasing thrills, Kandolhu is the ultimate destination to get back to nature.

At 150 by 200 meters, there is more to the intimate island than its size lets on. It is blessed with a rich coral garden and boasts incredible marine encounters just within its confines. Roaming the protected reef are multi-coloured reef fishes, blacktip reefs and nurse sharks, stingrays, and eels. Getting up close with a sea turtle is almost a given, whether you spot them coming up the surface or resting in crevices of the coral. Immerse yourself in the ocean's beauty directly from the overwater villas or access points throughout the island.

For further underwater explorations, join an excursion such as the **Kandolhu Reef Exploration**, which takes you on a short boat ride to the far side of the house reef, or **Reef Hopping**, a jaunt to several snorkel sites beyond the island. Adventurers on a mission to see one of the Big Five marine inhabitants can sign up for trips to hot spots for manta rays and whale sharks. Anyone raring for more thrills can enlist for fishing trips such as **Big Game Fishing** or **Bite Night**, an expedition after dark to reel in bounties such as jackfish, snapper, sailfish, tuna, and grouper.

For those preferring to take it at a leisurely pace, there are plenty of activities to witness nature's grandeur. Venture to isolated areas where nothing stands in the way of relaxation with day trips to the **sandbank** and **deserted island** for a picnic or snorkel. Cruise in placid waters and watch the dramatic transition from day to night during a **Champagne Sunset Cruise**.

Captivating above and beneath the waves, Kandolhu is the getaway of dreams, offering seclusion and epic escapes.
